

## FLEXPLUS™

FlexPlus™ coating provides options beyond traditional upholstery and is the brand's key differentiator. FlexPlus is made up of three layers; polyurethane primer, polyurethane reactor (A/B), and color coat. The end product is rated for high-traffic areas and is 100% waterproof – use it indoor or outdoor!

FlexPlus™ Letters Shown Above

Our furniture makes a bold statement that draws us all together.

## OUR DNA

We build iconic environments that are distinctly original. Our team of designers and engineers are detailed to a fault. We have the ability to not only “dream” but also “do”. Every piece that bears the SIXINCH label is held to the highest standards in the furniture industry.

**INTEGRATING ART, CULTURE & FURNITURE**

SATTEL IS A HARD WORKING SEATING SYSTEM THAT FACILITATES SMALL GROUP COLLABORATION IN THE CLASSROOM OR OFFICE.

The shift toward hybrid work and active classrooms has created a greater need for control and flexibility within our environments. We wanted to create a product that can be deployed to support collaboration and connection between students and coworkers. A product with the ability to recede or have a second use in the space when not needed.

This led us to design Sattel. Sattel can sit around a cafe table or be a casual seating group. From serendipitous pop up seating to break out collaboration sessions. Sattel is designed to accommodate many uses through its effortless stacking, ease of carrying, plush comfort and striking aesthetic.

SATTEL  
WAGEN

- SATTEL WAGEN**
- POWDER COATED HANDLE
