LEVELS (LVL)

Levels (LVL) represents how tiered seating should look and function. LVL operates as traditional multi-level seating, but adds more style, comfort and flexibility than others. The “easy-to-gang” base attachments make swapping out and moving a breeze. The organic curvature of the slide creates a unique look - while maintaining simple, clean functionality. 3 height options allow for endless layout customization and design.

LEVELS KEEP IT SIMPLE - 2 SHAPES, 3 HEIGHTS AND ENDLESS CONFIGURATIONS
