Product Sheet / Nuke

### Nuke

Nuke looks both young and casual, and is also comfortable to sit on. The chair, made of high-quality plastic, is stocked in White (snowball) and Grey (Roccia) but also available in a number of lively colors (MOQ and longer lead times, call for details). Nuke is manufactured in a single piece and comes without any screws or metal mountings. Its lightly rounded shape with gentle curves helps to make it particularly pleasant to sit on. Nuke is available with and without armrests.

You'll be charmed by this small chair featuring a sleek Italian design that combines comfort, flexibility and style to perfection! Durable and stackable, the Nuke plastic indoor/outdoor chair can be easily moved between spaces – whether it's an outdoor terrace, a conference room, a cafeteria or a waiting room.
