Cliffy Sofa Collection

The most recognizable and iconic furniture family we offer is the Cliffy. The Cliffy 6000's strong curvilinear shape capitalizes on the ability to control traffic flow in large public places. Cliffy 6000 comes in three different sections and has a length of almost 20 feet. When used separately or with the rest of the family Cliffy sofas draw attention in any application. The family offers two other sizes, the 4000 and 2000 for smaller spaces. Mix in the 360 bench and 1000 lounge to create a complete Cliffy environment.
