Fidget

Fidget, in form, resembles the once-popular toy that everyone had to have. Fidget's primary function is to be used as a support element to the Tapa. By rotating Tapa's pieces gaps can form and Fidget slides into these gaps filling them. Fidget also makes a great 3-seat pouf as a standalone unit. The design offers the award-winning Tapa expanded seating solutions. Looking for a 2 seater? We have also created the "Peanut" to fill in the smaller gaps that may exist.
