THE BRAND

About

Founded in Belgium in 2003. SIXINCH was born from a passion for innovative materials and progressive design. In 2013, SIXINCH Belgium partnered with Wieland Designs, a well-respected company in the furniture industry, and expanded the footprint for one of the most talked about furniture brands in the world. The name SIXINCH comes from the space between our ears, a mere 150mm wide, or six inches.

Our Mission

We build iconic environments that are distinctly original. Our team of designers and engineers are detailed to a fault. We have the ability to not only “dream” but also “do”. Every piece that bears the SIXINCH label is held to the highest standards in the furniture industry.

Our Brand Promise

We offer our customers endless creativity, backed by generations of industry experience. We deliver through quality, creativity and flexibility. We’re here to help you create, entertain and enjoy work.

Custom

The design flexibility of SIXINCH coated foam is almost limitless, and that’s exactly why this technique is perfect for custom projects. There are no molding or set up costs. We start from a large foam bun which is CNC cut into the desired shape. Our FlexPlus™ coating is applied and the entire color spectrum is at your disposal. When completed, your product is a flexible, weather-resistant, seamless design statement.

Shown Above: Cliffy 6000, Splatter Pig

Fabric is in our DNA.

With more than 30 years in the industry, we know what it takes to do upholstery right. We challenge you to find a better upholsterer in the industry. Our thread artisans go through extensive training, and by the time they graduate, they're ready to hand deliver a top notch product.

Pick from our standard offering of textiles or choose your own. No matter what route you decide to go, your client is bound to be ecstatic!

Approved Outdoor Materials

Vinyl Grade B - Mayer - All Seasons
Vinyl Grade B - Omnova - Colorguard
Vinyl Grade C - Spradling - Silvertex Neo
Woven Grade B - Sunbrella - Nature Haze
Woven Grade E - Sunbrella - Canvas Seasalt

Pre-selected vinyl and woven materials

HOW TO SPEC ARM RESTS

1. Select Your Unit

2. Determine Arm Side Needed

*Left or Right Hand Sitting

3. Installation

Table and Drink Rail metal supports will be factory-installed. Tops will require field installation.

Things To Note

1. Backless units can only receive "End Arm Tables".
2. End Arm Tables can be specified on all units. For multiple groupings, End Arm Tables should bookend the complete set. They are not designed to wedge between units.
3. Wedge, Wedge Swivel, UPH Arm, and UPH Arm w/Table can only be used between two units - these tables are not designed to visually bookend a unit or grouping.
4. Purchase orders must specify what product receives the attached arm rest / wedge table. See below.

Example:

Inside 45
With Left Hand Sit
Upholstered Arm

OPTIONS & ADD ONS

WIRE TETHERING KIT

Public installations might require anchoring furniture to the ground. This can be accomplished with a SIXINCH® tethering kit. One end of the strap is secured to the coated wood base while the other end can be secured to the floor of the installation site. The substrate connection will be determined by the site manager. Hardware is not included because the attachment method changes based on the type of material.

TETHER KIT-01
12" Braided Wire Cable
\$50 net per (1) 12" wire

METAL GANGING BRACKET

When ordering SIXINCH® product for a high traffic indoor or outdoor application, decide whether to let them float free for ultimate flexibility, or join them together with our "Join Kit" so that they stay together at all times. We recommend 2 brackets for normal applications, 4 brackets if you have a creative group that rearranges frequently. This kit is field installed.

JOIN KIT-01
(2) connecting brackets - \$32 net
JOIN KIT-02
(12) connecting brackets - \$96 net

CUSTOM FLEXPLUS COLOR

List prices include your choice of one of our SIXINCH® standard colors. Custom colors can be mixed to your Pantone selection or matched to your color chip.

CUSTOM COLOR
\$500 net per color/order

ADDITIONAL WEIGHT

Weight can be added to FlexPlus™ coated pieces. Weight is added during the production stage and cannot be added after the piece is produced. Lead time for weighted products is our standard 8 weeks.

10lbs per piece - \$75 net
20lbs per piece - \$150 net
Max 30lbs per piece - \$225 net

GENERAL INFORMATION

SIXINCH designs, engineers and manufactures high quality upholstered products to exacting commercial design standards from a 200,000 square foot furniture manufacturing facility Goshen, Indiana. This is our headquarters. We live here. And we've been doing this for 40 years.

GUIDELINES FOR OUR UPHOLSTERY PROCESS

Customer Owned Materials and Leathers (COM or COL)

The COM or COL price shown on the price list is our price for applying a customer owned fabric to a certain furniture model. The following actions are what we need to do this successfully:

To receive and process customer owned fabric or leather into our manufacturing system, the fabric or leather must be shipped into our manufacturing plant clearly marked with the SIXINCH furniture purchase order to which the fabric or leather is to be applied. The customer is responsible to pay all freight costs for their materials. Cover material MUST be received into SIXINCH production before SIXINCH can release your order to manufacturing.

All COM/COL inquiries and shipment should be directed to:

SIXINCH® USA

ATTN: Customer Support

COM/COL Fabric Management

901 East Madison Street

Goshen, IN 46528

Fabric (indoor/outdoor) or Leather must be pre-approved as appropriate for the application requested (see Graded-In or COM/COL Fabric Selections and Approvals below).

- Fabric (indoor/outdoor) or Leather requirements for a specific job must be clearly defined in writing by the furniture purchaser. These written instructions for fabric or leather application must include details such as facing sides, railroading vs. non-railroading (up the roll), pattern matching, flaw tolerances, surface grading, etc. Orders including COM or COL will be applied based on SIXINCH common practices without clear fabric or leather application instructions or requirements accompanying the furniture purchase order.
- Yardage requirements shown in our price list assume fabric widths of 54". Any fabrics of narrower width will need to be evaluated for yardage requirement on a case by case basis. Yardage requirements shown are based on solid / non-alignment textiles. Any fabrics / textiles requiring alignment / matching must be evaluated on a case-by-case basis. Please contact SIXINCH USA Customer Service for pricing assistance in these cases.
- SIXINCH Customer Service will confirm material quantity requirements upon placement of your purchase order or upon your request for an upcoming order. Note: Any delay of COM shipping into SIXINCH could delay the finished product ship date.

- SIXINCH reserves the right to inspect and approve or reject all COM prior to production. At SIXINCH's discretion, COM will be rejected when deemed unsuitable because of durability, pattern, stretch or any other quality which inhibits application or detracts from the product's functional properties. SIXINCH assumes no responsibility for suitability or durability of COM.
- The customer will advise SIXINCH customer service as to disposition of any excess COM yardage by noting it on the purchase order. If not noted on the purchase order, SIXINCH will assume Customer does not want return of excess COM yardage and SIXINCH will seek to dispose of excess materials in any way it sees fit and without obligation for payment to Customer for the materials.
- If a customer has pending future orders that will use excess COM yardage, SIXINCH will store COM without charge to customer for a period of 30 days if noted on the customers purchase order. If excess yardage of COM remains after 30 days the materials will be deemed as orphaned and disposed of without obligation of payment to customer for the COM.

Outdoor Upholstered Furniture

- Fabric specified for outdoor products will typically come with a manufacturer warranty. SIXINCH, as with any other textile or leather, will not be liable for any outdoor rated material. Please refer to the manufacturer's website for their specific warranty.

Graded-In Fabrics or COM/COL Selections and Approvals

- SIXINCH works with hundreds of fabric choices a designer may want to specify for upholstered product. We offer fabric grading prices interspersed throughout this price list to assist pricing efforts for these many fabric choices. In addition to COM or COL services, SIXINCH will purchase graded-in materials for upholstery to a customer's written specifications and produce completed pieces at the prices noted.
- SIXINCH has not pre-evaluated all potential fabrics available to designers today for application on SIXINCH furniture styles. Graded-In selections must be approved by SIXINCH prior to processing of purchase orders. A memo sample must be submitted to SIXINCH for preliminary approval of ALL FABRICS or LEATHERS (with the exception of felt or crepe). Final approval of fabric / textile requires (1) linear yard to be provided for full evaluation. Once the Graded-In sample has been reviewed by the SIXINCH fabric management team a written response (email) to the customer will confirm the results of the evaluation. An explanation will be provided in the event a fabric selection is not approved. Refer to the SIXINCH Graded-In Fabric Program document for a list of Graded-In suppliers and material selections.

The customer is solely responsible for advising SIXINCH as to the direction of any patterned upholstery materials. Below are diagrams that provide help in determining application direction. Customer must submit application direction and information as to which is top and bottom on the purchase order or the COM will be applied based on SIXINCH common practices.

RAILROADED

NON-RAILROADED

Pricing for Upholstered Furniture Ordered in Quantity

- Furniture ordered in higher quantities may qualify for lower prices based on better material utilization. This can be particularly true for orders involving SIXINCH Felt or Crepe. Contact SIXINCH Customer Service to understand how furniture order quantities may affect pricing. SIXINCH Customer Service will confirm material quantity requirements upon placement of your purchase order or upon your request for an upcoming order.

Special Fabric Backing or Finish Augmentation

- It is sometimes necessary to add a laminated backing or serging to fabrics to improve upholstery results. In these cases additional costs will be applied on a per yard basis. SIXINCH Customer Service will notify the customer of these requirements as well as pricing and lead time implications at the time a Graded-In or COM is evaluated.
- Every fabric specification is different. The specific characteristics of both fabrics and leather as well as furniture styles must be considered to achieve successful results. SIXINCH shall not be held responsible for incorrect specification of material. SIXINCH does not guarantee the performance, wear, durability or light fastness for any material included in this program except where covered by the warranty of the material provider on the specific fabric selection.

TECHNICAL DATA SHEET

FOAM

SIXINCH uses only the highest quality of polyurethane foam from the best suppliers in this field. All foams are produced in the United States. Foam type may vary by design.

STANDARD OFFERING

Density rating: 2.70 lb/ft
ILD rating: 65

FlexPlus™ Coating

UV Color Stability*

- SIXINCH UV pigments are color stable. Passing the 4 year climate test with the color red. Results: less glossy, no visible change in color.
- Atlas SUNTEST CPS+: Wavelength range 55
- 765 W/m, 10 cycles, 20 hour radiation test. Results: no change
- QUV Accelerated Weathering Tester: 4 days, UV radiation, humidity classification 0. Results: no change

Following has been tested on FlexPlus™

- Hand cream, Sunscreen Lotion – SPF 20, Lipstick – red 461, Foundation Creme – 108 honey beige, Olive oil.

***These products left no visible stains nor change in appearance when removed quickly.*

Weather & Water Resistance*

- Flex Plus™ coating is weather and water resistant
- Cold test: Thermotron SE-300-2-2, temperature at -40° C, for a duration of 24 hours. Results: no change in flexibility or description.
- Damp Heat cycle test: 80hr. 10 cycles, -40 °C to +85°C \with humidity 50% RH
- Dry Heat Test: BINDER incubator world test: +80°C, for a duration of 24 hours. Results: no change.

Ecology

- In some cases, SIXINCH products can be repaired and re-coated, which can extend the length of usage.
- The foam itself is 100% recyclable.
- SIXINCH is committed to recycling waste and uses the latest manufacturing technologies.
- Packaging is done to the highest standards using recycled and recyclable materials.

Maintenance & Cleaning

- Storage advice: In order to keep your SIXINCH furniture in peak condition, keep furniture inside and dry during extreme weather conditions.

- Normal cleaning: use warm water with a mild detergent and a cotton cloth.
- Stains: use Clorox Clean-UP to remove or reduce staining.
- Disinfecting: common agents for disinfection such as 409, Lysol, or a 1:10 bleach/ water solution may be used. Avoid using them in direct sunlight. Do not allow these products to stay on the surface for long. Spray on, wipe off and rinse residue off with clean water.

Remark: to avoid staining, immediately remove coffee, champagne, mayonnaise, red wine and other common stain agents.

Safety*

Flex Plus™ coating complies to the DIN EN71-3 standards for children's toys

Durability*

- Aging: BINDER incubator world test – coating description & flexibility
- Adhesion: Cross-cut tester ZCC 2080 – DIN / ISO 2409 n° T1079358
- Film Hardness Test: ISO 15184 Pencil Test – pass from 6B until 3B
- Scratch Test: hardness tester N° 5810 – pass from 1.00 N to 4.00 N (100 to 400 g)

* Based on European test results

TERMS & CONDITIONS

Please note that by placing any order with SIXINCH USA, PURCHASER agrees to be bound by these terms and conditions as set out below.

1. About this document:

1.1 This document sets out the terms and conditions ("the Conditions", these Conditions") of a SIXINCH USA ("SIXINCH") sale, purchased by a Dealer, A&D Firm, Purchasing Group, End User, Retail Customer, or any other entity ("PURCHASER")

1.2 SIXINCH may change these Conditions at any time. Those changes will not affect any orders already submitted by PURCHASER.

2. Definitions:

2.1 In these Conditions the following terms shall have the following meanings:

- Business Day: Monday to Friday, except bank or other public holidays
- Contract: the agreement formed when SIXINCH agrees to provide Goods to PURCHASER at an agreed upon Price, and which includes these Conditions
- Delivery Address: the Delivery Address provided by PURCHASER to SIXINCH.
- Goods: the Goods ordered by PURCHASER
- Price: the price of the Goods as notified by SIXINCH and then agrees to provide the Goods to PURCHASER
- SIXINCH: SIXINCH USA, a company registered in the United States, with primary contact phone number: 574 538 2417
- PURCHASER: any person or entity who orders Goods from SIXINCH USA

3. Application:

3.1 These Conditions apply to all orders placed by PURCHASER unless alternative terms are specifically written and agreed upon. No other terms or conditions shall apply.

4. Pricing:

4.1 All price lists, brochures and catalogs are intended as a guide only, and the price of all Goods shall be subject to confirmation by SIXINCH when PURCHASER places an order. Any offer SIXINCH makes to provide Goods at a certain Price shall only remain open for 14 days unless otherwise indicated on a SIXINCH quotation. After that period, the SIXINCH Offer shall be withdrawn.

4.2 Quotes for Canada and Mexico are issued in U.S. currency and valid for 30 calendar days. Freight can be quoted to the port of exit if required. All broker, customs, and freight within Canada and Mexico are not included in a SIXINCH quote.

5. Offers:

5.1 The Contract for provision of Goods between PURCHASER and SIXINCH shall be formed when SIXINCH notifies PURCHASER of the Price of the Goods and Conditions herein ("Offer"), and the PURCHASER wishes to proceed in ordering the Goods.

6. Delivery:

6.1 All delivery costs shall be paid by PURCHASER unless SIXINCH agree otherwise in writing.

6.2 Delivery shall be to the Delivery Address provided by PURCHASER in the order. No order will be acknowledged or processes without a confirmed Delivery Address.

6.3 SIXINCH does not accept liability for any damage to the Goods which occurs while in transit. All risk in the Goods shall pass to PURCHASER when the Goods leave the SIXINCH warehouse.

6.4 All delivery times are approximate and may be subject to change. Any delay in delivery shall not give PURCHASER the right to withhold payment, to refuse the receipt of the Goods, to receive any penalty reimbursement, or to terminate the Contract.

6.5 It is PURCHASER's responsibility to ensure that there is safe adequate access to the Delivery Address for the Goods PURCHASER has ordered, taking into account the size, weight and bulk of the Goods PURCHASER has ordered. If the Goods ordered cannot be off-loaded due to inadequate access, the Goods may be returned to the freight warehouse, and additional freight warehousing fees and additional re-delivery fees may apply.

6.6 It is PURCHASER's responsibility to ensure that PURCHASER has measured the area into which the Goods will be installed (as well as all areas of access to the installation area) correctly to ensure there is adequate access taking into account the size, weight and bulk of the Goods PURCHASER has ordered.

6.7 If PURCHASER is not present to collect the Goods or PURCHASER unreasonably refuses to take delivery of the Goods, SIXINCH may charge PURCHASER reasonable costs of returning the Goods to the freight depot, reasonable costs of storage, and reasonable charges for redelivering the Goods to PURCHASER. Under no circumstances does the refusal of a shipment constitute the cancellation of an order or the claim to recover or deny payment for the order.

6.8 Deliveries going into Canada or Mexico may require PURCHASER to provide PURCHASER's Broker information and Delivery Address with PURCHASER's purchase order. SIXINCH will quote estimated freight based on the port of exit/entry provided by PURCHASER. SIXINCH will not provide a freight estimate to the final destination in Canada or Mexico. PURCHASER's Broker will need to provide PURCHASER with a freight quote from port to the PURCHASER's final destination.

6.9 NAFTA Certificate of Origin Form will be completed by SIXINCH for each shipment going into Canada or Mexico.

7. Force majeure:

7.1 While SIXINCH endeavors to complete all orders within quoted lead times, certain circumstances beyond SIXINCH control may prevent this. These circumstances include natural disasters such as fire, floods, violent storms, service interrupting labor disputes, exclusions, transport difficulties, machine failure, default of suppliers, failure of suppliers to provide goods or components or similar uncontrolled difficulties. If such circumstances arise, SIXINCH shall have the right and be afforded time to (i) seek alternative arrangements with Purchaser, (ii) no longer provide the Goods and to provide PURCHASER with a full refund, or (iii) to provide the Goods only once the relevant circumstances permit.

8. Payment terms:

8.1 PURCHASER agrees to pay the Price, delivery charges and any other charges agreed.

8.2 Unless agreed to otherwise, payment terms for the Goods shall be 50% of the Price paid in advance at the time of the order and the balance of payment due prior to ship date. The production of the order will not commence until the first 50% deposit payment is received. If both parties agree to special product lead times of 4 weeks or less, full payment is due immediately upon order.

8.3 Any terms other than the terms noted in 8.2 here require an approved credit application by SIXINCH.

8.4 All invoices are payable at the SIXINCH registered office and / or via the bank account as stated in the invoice. In the event of non-payment by the due date, SIXINCH shall be entitled (i) to receive from PURCHASER interest of 1% per month on all outstanding amounts (ii) to receive from PURCHASER a further amount of 10 % of all outstanding amounts or \$100 (whichever is greater); and/or (iii) to suspend and/or terminate without notice all agreements with PURCHASER (including this Contract) without compensation or return of any amounts paid under such agreements.

8.5 Visa and MasterCard accepted with a 3.75% processing fee.

8.6 All payments are to be made in U.S. funds.

9. Defects and Complaints:

9.1 PURCHASER must immediately inspect the Goods on arrival at the Delivery Address.

WARRANTY

SIXINCH FLEXPLUS™ COATING

Many of the products in the SIXINCH Collection are created via a unique foam coating process which is incredibly durable, yet subject to many of the same criteria and constraints as other products coated or covered with vinyl, leather, fabric and like wearable finishes. The SIXINCH warranty applies to the original purchaser within North America from the date of purchase. SIXINCH will repair, replace, or prorate, at our sole discretion, any product deemed defective by SIXINCH within the warranty timelines listed and when used in the conditions for which they were designed. SIXINCH products are designed for use as seating and/or table purposes only.

FOAM TOLERANCES CAN VARY!

When placing your order, please ensure tolerances listed below fit into specified space.

0" to 2" = +/- 1/16"

2" to 36" = +/- 1/8"

36" or more = +/- 1/4"

Angles +/- 1°

FlexPlus™ coated surfaces shall be free of defects in materials and workmanship for a period of three (3) years. FlexPlus coated products intended to be used in non-standard furniture applications (i.e. stood on, walked on, or in "heavy use") shall be free of defects in material and workmanship for a period of one (1) year. FlexPlus coated products intended to be used in applications other than furniture uses (i.e. as "toys", building blocks, or without a wood base/glides) will not be covered under warranty.

Softening and creasing will occur through normal use and is not a manufacturing defect. SIXINCH foam coated products will naturally have minor variations in the top coated finish, as it is a handcrafted material. These variations do not detract from the overall appearance and are to be expected. Please refer to finish samples to better understand the "hand" this process creates. Coated surfaces can exhibit small aberrations in the paint surface over time including spot staining and/or slight cracking depending on depth and frequency of compression. FlexPlus coated products are subject to changes in surface sheen and may also be stainable under certain conditions such as outdoor applications where no regular cleaning is performed. During this (3) year period, SIXINCH will repair or replace free of charge, such products that prove to be defective. Labor and freight charges are not included for warranty related work.

SIXINCH UPHOLSTERY

SIXINCH warrants that indoor upholstery applications shall be free from defects in materials and workmanship for a period of five (5) years, while outdoor upholstery applications shall be free from defects in materials and workmanship for a period of three (3) years, all from the date of purchase. Softening of foam will occur through normal use and is not a manufacturing defect.

INDOOR UPHOLSTERED PRODUCTS (5) YEAR LIMITED WARRANTY

SIXINCH guarantees upholstered products only to be free from defects and that the upholstery is tailored according to product specifications. SIXINCH offers no warranty, either implied or expressed, on any fabrics, vinyls (indoor/outdoor), or leathers. Fabrics and leathers carry warranties from the fabric manufacturer or reseller, and most contract fabrics and leathers have only a one to two year warranty period. Please refer to each resellers warranties before specifying. Because every fabric specification is different and application for use must be taken into consideration, SIXINCH shall not be held responsible in any manner

for wrong specification of material (fabric, vinyl, leather), and SIXINCH does not guarantee specified material for tailoring, wear, durability, or light fastness. SIXINCH makes no warranty of any kind with respect to "customer's own materials" (COM), "customer's own leathers" (COL), or non-standard materials selected by and used at the request of the purchaser. During this (5) year period, SIXINCH will repair, replace, or prorate, at our sole discretion, any product deemed defective by SIXINCH within the warranty timelines listed and when used in the conditions for which they were designed. Labor and freight charges are not included for warranty related work.

OUTDOOR UPHOLSTERED PRODUCTS (3) YEAR LIMITED WARRANTY

SIXINCH upholstered products designated for outdoor use is warranted under the same terms as the indoor products, to the original customer, to be free from defects in materials and workmanship for a period of three (3) years. During this (3) year period, SIXINCH will repair, replace, or prorate, at our sole discretion, any product deemed defective by SIXINCH within the warranty timelines listed and when used in the conditions for which they were designed. Labor and freight charges are not included for warranty related work.

In addition to the limitations described above for indoor products, this warranty for outdoor products does not apply to damage or defects resulting from exposure to outdoor conditions such as high winds, heat, cold or humidity.

This outdoor products warranty is limited to products used in standard work environments.

We recommend storing cleaned, dry furniture under cover or covering it when not in use to protect it from debris and inclement weather. With proper care and maintenance, the product will maintain its structural integrity, and:

- Powder coated MDF surfaces should resist fading and cracking
- Powder coated metal finishes should resist fading and cracking
- Steel may develop small rust spots over time in places where damage has occurred, such as chipping, scratches or abrasions

This warranty does not cover those parts of the product which are exposed to abrasion during use.

SIXINCH WOOD, STEEL, ALUMINUM AND PLASTIC COMPONENTS (STRUCTURAL & EXPOSED)

SIXINCH warrants all wood, steel, aluminum and plastic elements, including structural frames, tables, storage units and decorative accents to be free of defects in material and workmanship for a period of three (3) years from date of purchase. This warranty does not extend to color, grain, or texture of natural materials, such as wood, marble or leather, or other natural variations over which SIXINCH has no control. SIXINCH does not warrant matching of color grain or texture.

SIXINCH ELECTRIC / ELECTRONIC COMPONENTS

SIXINCH warrants all electric and/or electronic components to be free of defects in material and workmanship for a period of one hundred eighty (180) days from date of purchase.

WARRANTY

LIMITATIONS AND EXCLUSIONS

This warranty excludes characteristics of normal wear, including the normal wear or aging of fabrics, finishes, paint, powder coating, spray coatings, foam and filler materials, issues of cleanliness, and the natural variations in grain, color, or texture of wood components. Normal wear in an outdoor setting will also be subject to temperature fluctuations outside of “livable norms”, and fading of applied materials due to exposure to daylight is to be expected.

Whenever a special material finish is requested, SIXINCH will attempt to match buyer’s special finish requests (via signed sample method) but assumes no responsibility if the approved sample does not meet the end user requirement.

Custom products (also known as Specials) convey the same warranties to craftsmanship and materials as standard products. Custom products require signed customer approval of relevant design drawings / documentation. SIXINCH does not warrant any customer approved custom product’s fit or usability or if the approved product (via signed drawings / documentation) does not meet the end user requirement. SIXINCH conveys no warranty for any customer specified material component such as fabrics, customer directed wood components, special upholstery materials or treatments, or any other customer-specified component. SIXINCH will simply apply the special component elements as directed. They shall be free from defects in workmanship per the original warranty statement.

This warranty excludes damage or defects to any product caused by abuse, negligence, abnormal usage, freight, storage / warehousing, accidents, improper maintenance, lack of routine maintenance, alterations, tampering, and/or improper installation. Like leather, vinyl and textiles, SIXINCH foam coated products are subject to staining from materials such as wine, coffee, etc. SIXINCH Care and Maintenance guidelines should be followed. Any product that arrives in a damaged carton must be photographed prior to unpacking and noted on the freight bill as part of the claims process. Note that certain foam coated products purposely designed without air release valves may not be transported via air or other manner where severe changes in air pressure occur. These products will be identified accordingly on product packaging.

SIXINCH products are used at the sole risk of the purchaser and any individuals using purchaser’s services or products. SIXINCH assumes no liability for injury or damages resulting from normal use or abuse of SIXINCH products. SIXINCH assumes no liability for labor, freight, injury, consequential or incidental damages, including any lost direct or indirect income or profits incurred by the original purchaser that may result from a defective SIXINCH product.

Warranties not expressly stated herein, including without limitations any implied warranties of merchantability and fitness for purposes are excluded and disclaimed by SIXINCH. No employee or independent sales representative of SIXINCH is authorized to change these warranties in any SIXINCH product.

MANDATORY WARRANTY CLAIM PROCEDURES

To submit a product warranty claim for evaluation, please contact SIXINCH customer support by email: support@sixinch.us. You will be required to provide the date of purchase and photographs of the product failure in question. In certain circumstances, a representative acting on behalf of SIXINCH (e.g., an Independent Sales Representative, Furniture Dealer or SIXINCH associate) may make a site visit to review, document and assist in claim validation and resolution. For any warranty replacements, SIXINCH will pay for ground shipping only – you will be charged the difference between ground shipping and any expedited shipping requested by you. SIXINCH will make its best efforts to remedy warranty issues as quickly as possible, but cannot guarantee immediate availability of replacement parts or products.

SIXINCH products are used at the sole risk of the purchaser and any individuals using purchaser’s services or products. SIXINCH assumes no liability for injury or damages resulting from normal use or abuse of SIXINCH products.

SIXINCH assumes no liability for labor, freight, injury, consequential or incidental damages, including any lost direct or indirect income or profits incurred by the original purchaser that may result from a defective SIXINCH product.

Warranties not expressly stated herein, including without limitations any implied warranties of merchantability and fitness for purpose are excluded and disclaimed by SIXINCH.

This warranty is valid January 1st, 2024
